WDP reinforces its capital markets presence with third listing on Euronext Paris

As of 28 October 2026, WDP shares will commence trading on Euronext Paris, complementing WDP's existing listings on Euronext Brussels and Euronext Amsterdam. The third listing marks another milestone in WDP's development as a leading European logistics real estate platform and reflects the growing importance of France within the group's footprint. The Paris listing further strengthens WDP's visibility among French and international investors and facilitates access to the WDP share, aligning its capital markets presence with its European ambitions.

WDP has accelerated its growth in France since 2024, expanding its portfolio from around 165 million euros to nearly 1 billion euros today. With a dedicated local team in Paris, WDP has established a strong commercial platform for further growth.

“France has become an increasingly important part of WDP's European ambitions and is essential to serving our clients across Europe. In recent years, we have significantly scaled our presence. A listing in Paris is a logical extension of that industrial rationale, particularly in light of our proposed combination with ARGAN, which would give WDP significantly greater scale in this key European logistics market.” Joost Uwents, CEO WDP

The Paris listing comes ahead of the proposed combination with ARGAN¹, which is expected to be completed in the first quarter of 2027². The combination would increase WDP's French platform to over 5 billion euros and create a leading 13 billion+ euro European logistics real estate platform.

Adding Euronext Paris as a third trading venue will broaden access to existing WDP shares among French and international investors and support the continued diversification of WDP's shareholder base. The Paris listing will also provide a local trading venue for French shareholders expected to become WDP shareholders upon completion of the proposed combination with ARGAN. Following its inclusion in the BEL 20³ and AEX indices⁴, the Paris listing marks the next step in the continued development of WDP's capital markets presence.

“As WDP grows in scale, its capital markets profile needs to evolve with it. The Paris listing broadens access to the WDP share and supports liquidity. WDP's top-tier credit strength, substantial self-financing capacity and disciplined capital allocation remain the foundations for the continued growth of our European platform, supporting above-average earnings per share growth and return on equity with a below-average risk profile.” Mickael Van den Hauwe, CFO WDP

WDP will be admitted to trading on the regulated market of Euronext Paris as of 28 October 2026 under ISIN BE0974349814. Euronext Brussels remains WDP's reference market. The additional listing does not involve the issuance of new WDP shares.
