

WDP Park

Bucharest – Fundulea A2

Romania

THE LOCATION

Scalable and high-performance logistics operations

Bucharest holds a dominant position in Romania's logistics market thanks to its status as the country's capital and largest consumer hub. Its direct access to major highways, national rail networks, and Henri Coandă International Airport enables fast distribution across Romania and strong connections to regional and international markets.

Combined with a large workforce, developed infrastructure, and sustained demand from retail and e-commerce sectors, Bucharest offers an ideal environment for scalable and high-performance logistics operations.

LOCAL ACCESS

Romania's largest consumer market connectivity

WDP Park Bucharest – Fundulea A2 benefits from a strategic position **along the A2 motorway, providing direct and fast access to Bucharest and the Port of Constanța.** This prime corridor enables efficient distribution between the capital, the Black Sea gateway, and the wider south-eastern region of Romania.

The location offers excellent visibility and connectivity for manufacturing and logistics operations seeking proximity to Romania's largest consumer market without inner-city congestion. With strong road infrastructure and access to key national transport routes, WDP Park Bucharest – Fundulea A2 supports reliable, scalable, and cost-efficient supply chain activities.

REGIONAL BENEFITS

Optimized delivery networks

WDP Park Bucharest – Fundulea A2 offers strong regional advantages by positioning businesses on the A2 highway, one of Romania's most important transport corridors, linking the capital with the Black Sea and the wider Dobrogea region, enabling faster access to key urban centers and growing consumer markets.

The area also benefits from proximity to major agricultural, industrial, and trade zones, creating **opportunities for integrated supply chains and regional partnerships**. With direct motorway access and reduced congestion compared to central Bucharest, WDP Park Bucharest – Fundulea A2 provides an ideal base for companies targeting regional expansion and optimized delivery networks.

ABOUT US

WDP Network

We develop and lease properties located along major logistics axes in eight European regions: **The Netherlands, Belgium, Luxembourg, France, Germany, Spain, Italy, and Romania. WDP is the market leader in the Benelux and and the second biggest player on the Romanian industrial real estate market.**

The long-term vision and pure player strategy that we apply to each property decision underpins our relationship with our clients. We want to be a long-term partner and support them in their operations where real estate is an indispensable part of their supply chain. With increased green energy production and technology, we aim to make our sites more self-sufficient and to decarbonise client operations.
