Boortmeerbeek

Where location meets momentum

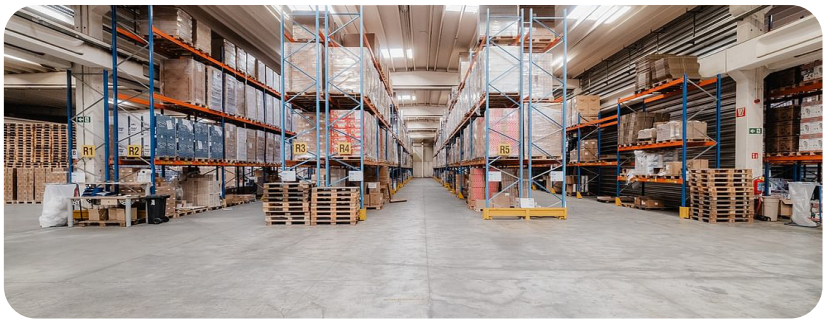

Discover a logistics space that simply feels right for your business. This 11,139 m² warehouse in Boortmeerbeek, perfectly positioned between Brussels and Leuven, places your operations at the crossroads of opportunity. With direct access to the E19 via the N26, proximity to the Leuven–Dijle Canal, and Brussels Airport just 20 minutes away, this location keeps you connected to Belgium's main economic and transport hubs—so your goods, your teams, and your ambitions are always moving forward.

Inside, the building delivers the reliability and efficiency your supply chain depends on. Equipped with six loading docks and three ground-level doors, the warehouse is designed for smooth, high-volume logistics, while its solid 1990s construction offers both stability and the freedom to evolve. This is more than a warehouse, it's a flexible, future-ready base where your logistics can grow with confidence and ease.
