WDP LOGISTICS PARK

Desteldonk Korte Mate

Ride the perfect logistics wave

When opportunity comes a-knocking, you really should answer! That's exactly what's happening here, with WDP's newest logistic development in Desteldonk, East-Flanders.

A newly built logistics hub boasting all the specifications needed to perfect your supply chain operations. An outstanding location built according to WDP's high-end warehouse design and packed with sustainability features that future-proof your logistic strategy.

Future-proof design & tech

WDP warehouses are renowned for their technical and design performance. Your future warehouse is built to suit, or constructed according to our standard specified requirements. You'll hit the ground running once you move into your new distribution centre, with a balanced mix of warehouse space (4,923 m²), office (356 m²), and versatile mezzanine space (715 m²).
