

WDP Park
Braşov - Codlea

THE LOCATION

Braşov: Romania's Logistics Hub

Braşov's central location in Romania offers efficient access to the major cities of the country, reducing transit times and transportation costs. Its strong road and rail connections to cities like Bucharest, Sibiu, and Cluj-Napoca make it an ideal hub for distribution and supply chain operations.

Another advantage is Braşov's access to modern infrastructure and international markets, supported by the Braşov-Ghimbav International Airport and nearby industrial centers. Its proximity to major European trade routes enhances export and import efficiency, making the city attractive for logistics-focused businesses.

ABOUT US

WDP Network

We develop and lease properties located along major logistics axes in six European regions: **The Netherlands, Belgium, Luxembourg, France, Germany, and Romania.** WDP is the market leader in the Benelux, and the second biggest player on the Romanian industrial real estate market.

The long-term vision and pure player strategy that we apply to each property decision underpins our relationship with our clients. We want to be a long-term partner and support them in their operations where real estate is an indispensable part of their supply chain. With increased green energy production and technology, we aim to make our sites more self-sufficient and to decarbonise client operations.
